folks know, the ZR1 first appeared on the Corvette scene in the '70-'72 model years as a very limited option (only 53 made during those 3 production years) intended for those that spent their weekends at racetracks. Legend claims the "ZR" stood for Zora Racer. The ZR1 took a hiatus until reintroduced in C4 form in 1990 through the 1995 model years with 6,939 units sold. It came equipped with an all-aluminum, 4-cam, 32-valve, V-8 which at the time was exotic for an American made car (some would say it still is). It had world class performance and was known as the "King of the Hill." It was much anticipated and was first introduced in Europe at the Geneva auto show in March of 1989. A C4 ZR1 broke a 50-year-old 24-hour endurance speed record in 1990. The legendary nameplate didn't reappear until Chevrolet was midway through production of the C6. In C6 form, the ZR1 had 638 hp with a top speed approaching 200 mph. This supercharged engine, a first for a production Corvette, was capable of getting to

The ZR1 first appeared on the Corvette scene in the '70-'72 model years...

While thinking about a topic of discussion for the Q4 edition of the High Plains Shifter I came across some news on the web stating that the C7 ZR1 will likely be unveiled at the Detroit Auto Show this upcoming January. Output for the new ZR1 will likely be close to 750 hp. As you NCRS

60 mph in just 3.5 seconds and was a car you could head to the golf course in with two golf bags stowed in the back. On a side note, for those of us that went to the Novi National in 2011 and toured Ken Lingenfelter's car collection, we got to see a supercharged Blue Flame Six '54 Corvette test mule that Zora did some experimenting with, so technically there were earlier than C6 supercharged Corvettes, but not a production based Corvette. So that leads us to the C7 ZR1, which will set the performance bar a notch or two higher than the current Z06 and also a higher sticker price, but likely not much more than one of the C3 ZR1s if you could find one. So stay tuned to see what Chevrolet comes up with to keep the ZR1 nameplate as the pinnacle of Corvette performance.

In case you missed the April General Meeting, the results of the elections are as follows for two-year terms starting January 1, 2018: Jim Lennartz – Vice Chairman; Jack Humphrey – Treasurer; Jeff Roth – Activities Chairman; and Pete LeClair – Merchandise Chairman. Tom Di Rito was elected Secretary, however his term is for one year instead of two years in order to get the election timing for the position in line with the existing Chapter Bylaws. Thanks to these gentlemen for returning to the Board.

In August we had an RMC Board meeting to cover some business items and help Jeff Roth, our Activities Chairman, plan activities for the 2018 calendar year. Check out Jeff's articles in the High Plains Shifter and his email broadcasts for more details regarding future events and activities. The Chapter's website can also be used as a source of information regarding Chapter events and information. At the end of the Board meeting Gerry Phillips, our Membership Chairman, submitted his resignation from the Board. Longtime RMC member and past Board member Steve Beatty has stepped up to fill Gerry's shoes, and is now the Membership Chairman. On behalf of the RMC Board and Membership, I want to extend a heartfelt thanks to Gerry for his contribution to the Chapter and Board and also say welcome back to Steve.

Hope to see you and your Corvette at one of the Chapter's events.

Thanks to all of our membership...

Since the last RMC newsletter, the NCRS National Convention has come and gone. The Rocky Mountain Chapter was well represented and received many member awards and recognitions. The award at top on my list was our chapter receiving the Chapter Top Flight Award. We have qualified for this award every year since the program was put into effect. Thanks to all of our membership for their participation necessary to achieve this award, and a special thanks to Gerry Phillips for his attention to details necessary to document our requirement fulfillments.

Included in this issue of High Plains Shifter is an article and picture submitted by Tom DiRito of our chapter awardees at the convention. In addition to those awards, plaques were given to Jerry Mulick and Steve Jacques for driving their '67s to the convention and participating in the "Year of the 67" recognition program. These two (plus John

Hilborn) should be given a special award for driving these (un-air-conditioned) cars through Texas in the summer. The biggest achievement here was they made it down and back. Tom again organized an outstanding road tour. Our thanks to Tom and Diane for all of the work they put into that, plus hosting the tour participants at their house for the "kick-off" party. We're looking forward to another fun trip to Las Vegas next year.

Due to a perceived lack of cars and the fact that I will be recovering from foot surgery, our FALL JUDGING MEET IS CANCELLED. We

are still planning a spring meet next May, so get those projects done and let's have a good turn-out. The board is looking into an alternate activity to schedule instead of the fall judging meet, but it will be on a Saturday, not Sunday.

The next Regional that I will be attending (along with several other members) will be in October in Frisco, TX. This is always a good meet to attend if you've never done it.

Ralph

Last Tuesday I gave a presentation about NCRS to the membership attending the Vintage Car Club of Castle Rock monthly meeting. This club has over 85 members, many whom are Corvette owners that don't belong to NCRS. I also emphasized the fact that you don't need to own a Corvette to belong to NCRS. This is a picture of me with several VCCCR members including a past president. I am currently the Vice President of this organization.

The end of summer brought us together for the summer BBQ...

Hi All,
In June, we did the “Flat Land Tour” to Ft. Morgan. Starting in Bennett, we took back roads across farm country. It was nice not having to deal with traffic. We went to the museum where we learned about the town’s claims to fame, the Great Western Sugar Company and Glenn Miller. We ate lunch at a place decorated with old car and motorcycle parts. We cruised the block of stately old houses and visited the “Rainbow Bridge” over the Platte River. On the National Registry of Historic Places, the bridge was the longest arch steel bridge when completed in 1923. Our last stop was at Commanche Crossing in Strasburg. While Promontory Utah gets the publicity for connecting the Central Pacific and Union Pacific Railroads, Commanche Crossing was the actual transcontinental connection location connecting the Atlantic and Pacific Coasts in 1870.

Dirk Gaddis on Rainbow Bridge

The end of July brought us together for the summer BBQ at my house in Parker. It was a beautiful cool summer day with lots of great food and Corvettes. The rain didn’t begin until the party was over fortunately. Forty-eight people showed up on that Saturday to enjoy themselves and two showed up the next day on Sunday. That was a shock for me and them. Got to love getting older.

August, we made our annual visit to Tennyson Center for Children. This is the organization caring for abused and neglected children that our chapter supports annually. There were a dozen Corvettes whose owners graciously let the kids sit behind the wheel, pretend to drive fast and honk the horn (unless disconnected as I did with my ‘62 for fear of not getting it started again). Rick Nelson brought radio controlled Vettes and a slot car track setup. The kids had a great time playing with the toys and the slot cars brought back a lot of memories for me. Many thanks Rick!

After a fun BBQ at our home on Saturday evening July 1, nine brave vehicles (eight cars and one truck) departed Highlands Ranch, CO on Sunday July 2 bound for Santa Fe, New Mexico. By the end of our trip, an additional four cars and one more brand new truck (congratulations Greg and Diane Haliday from New Zealand) joined our Road Tour for a total of fourteen cars and two pickups on the Road Tour.

We spent Monday July 3 touring the many sights in Santa Fe, New Mexico and departed for Albuquerque on July 4, after the repair of one "dead" coil on a member's '67 (sorry Steve Jacques).

In Albuquerque some spent the day taking the Sandia Peak Tram up Sandia Peak (10,378' above sea level), a few went to Acoma Pueblo, while others stayed in town to visit friends. On Wednesday July 5 we drove to Carlsbad, New Mexico with a lunch stop in Roswell, New Mexico. More than one person on the Tour was "hijacked" into one of the numerous "UFO Gift Shops" along the way! Upon arriving in Carlsbad we celebrated Ralph Ridge's 75th birthday with a pizza party (How did his daughter arrange to get 75 helium balloons delivered and stuffed into his hotel room before he arrived?). The next day, Thursday July 6, we toured the famous Carlsbad Caverns, truly one of the natural wonders of the world.

Friday July 6 it was on to Midland, Texas to tour the Petroleum Museum and a great collection of Chaparral race cars. Our Road Tour concluded on Saturday July 7 in Kerrville, Texas with our traditional Last Night Out Party. We are pleased to report that no members of the Rocky Mountain Road Tour won the "prestigious" Busted Tire Award for the worse breakdown on the road.

Dennis Dalton, who won this award a few years ago, successfully got his '94 to San Antonio this year and did receive his Founders Award (congratulations Dennis!).

Many of us know Scott and Kay Sinclair, our National Road Tour Co-Chairpersons. I understand that they were involved in a car accident near Indianapolis, Indiana on their way home to Ontario, Canada. Neither Scott nor Kay sustained injury which is great news.

Planning is already well underway for the 2018 Rocky Mountain Road Tour to our National Convention in Las Vegas, Nevada. Our 2018 Road Tour will have us spending time in Colorado's wine country as well as stops in two beautiful National Parks in Utah. More information to be available soon. If you have questions, send me an email or give me a call. Hope you can join us in 2018!

- c. Ralph Ridge – Judging Chairman’s Report: Ralph advised the Board that he has received correspondence from a National Team Leader indicating that he will no longer be utilized for judging since he now has received his 400 Level designation. Discussion ensued with the consensus being that this would be a waste of the knowledge gained by 400 level judges and perhaps a mentoring program might be useful in working with judges on the judging floor. It was resolved that Ralph and Pete LeClair would approach Dave Brigham on this topic at the Lone Star Regional in Frisco, Texas in October. Ralph will email Dave Brigham to give him a heads up that this topic is something he’d like to discuss with Dave.
- d. Tom Di Rito – Secretary’s Report:
 - ☐ Tom presented the April 15, 2017 Board Minutes for consideration of the board. After some discussion, motion was made by Jim Lennartz, second by Ralph Ridge to accept the minutes with some minor modifications. The minutes were approved by a vote of 7-0-0.
 - ☐ Tom presented the April 15, 2017 General Membership Meeting Minutes. After some discussion, motion was made by Pete LeClair second by Ralph Ridge to accept the minutes with minor modifications. The minutes were approved by a vote of 7-0-0.

Additionally, Jack sent an email to Rick Reiff (which Rick read aloud to the Board) explaining both of the above referenced documents. A motion was made by Jerry Phillips, second by Pete LeClair to accept the Profit and Loss Statement and the Balance Sheet as submitted. The motion was approved by a vote of 7-0-0.
- f. Gerry Phillips – Membership Report:
 - ☐ Gerry advised that we now have 123 members of our Chapter.
 - ☐ Gerry advises that we are currently on track to receive a Top Flight Chapter Award for 2017. He reminds

us that we need to either have 3 more member cars judged in this calendar year or we could advertise NCRS at a non-NCRS event prior to the end of 2017 or we could publish 3-4 more technical articles in our Chapter Newsletter prior to the end of 2017 to satisfy this requirement for our 2017 Top Flight Chapter Award. After considerable discussion it was decided that Ralph Ridge, who is an officer with the Castle Rock Classic Car Club, would post our banner at the Castle Rock Club’s upcoming meeting this Tuesday. Gerry will send Ralph a master copy of our Club application for membership and Ralph will have several copies available at the Castle Rock Clubs Meeting. Ralph will take a photo of the banner at this meeting and email it to Gerry.

- ☐ Gerry advises that we now have new name badges for our Chapter. They are metal vs. the plastic most people have. Gerry will prepare an ad in our newsletter indicating that we now have new name tags if anyone needs to purchase a new one.
- ☐ Jim Lennartz volunteered to maintain the membership directory as it relates to which Chapter Members own which years of cars.
- ☐ Gerry will be resigning his position of Membership Chairman effective at the end of our Board Meeting today. Steve Beatty has been “shadowing” Gerry and Gerry recommends that we consider Steve to be his replacement.
- ☐ Motion was made by Pete LeClair, second by Jim Lennartz to accept Gerry’s resignation effective at the end of today’s Board Meeting. The motion was approved by a vote of 6-0-1 with Gerry Phillips abstaining. Gerry will advise Steve Beatty of the decision of the Board.

g. Pete LeClair – Merchandise Report:

- ☐ Pete distributed the Merchandise Inventory List dated August 25, 2017. This list is based in part on an actual inventory of the hats and t-shirts due to a slight discrepancy between Merchandise and Accounting records. This discrepancy has been resolved with no appreciable impact on the Chapter financials.
- ☐ In an effort to sell more merchandise, Pete will highlight certain merchandise in each Chapter Newsletter to just draw focus on an item that might be popular due to the time of year.
- ☐ The Board authorized Pete to offer items for sale at reduced prices that might have been in our inventory for an extended period of time, at his discretion.

h. Jeff Roth – Activities Report:

V) New Business:

a. Fall Judging Meet: Ralph Ridge reported no interest from the Chapter to have any cars judged at our Fall meet. After discussion, the Board decided to cancel the Fall Judging Meet. Tom Di Rito to contact Jeff Roth to ask him to look into perhaps scheduling a museum tour for our November activity.

b. Non-Profit Status: Rick Reiff reported that Jack Humphrey was unable to locate documentation regarding the Chapter Federal registration as a non-profit. Rick believes he has located these documents and will forward copies to Jack.
